# INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Plymouth Directory since 1960), present to subscribers and the general public, this, the 1966 edition of the Plymouth City Directory, which also includes Liverman Heights, Rolling Pines, Sunset Park, The Pines and Rural Route Residents. (In all, Hill Directory Company and its affiliated companies publish more than 1,400 city, county, state and national Directories.)

Confidence in the growth of Plymouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Plymouth to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Plymouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order.—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Plymouth, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Plymouth, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged

in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

#### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Plymouth and vicinity.

There are more than 1,000 of these Directory Libraries, installed and maintained in cities and towns throughout the U. S., Canada and Puerto Rico through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated, and of which Hill Directory Company is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY.

Publishers.

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4** A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5** A *Statistical and Historical Story of your city*; plus miscellaneous other information.

**TRADE AREA**—Retail area has radius of 15 miles, and population of 13,959. Wholesale area has radius of 15 miles, and population of 13,959.

**NEWSPAPERS**—Daily 1; daily and Sunday 2; weekly 1.

**RADIO BROADCASTING STATIONS**—WPNC.

**HOTELS**—4 with total of 81 rooms. Newest hotel opened in 1965.

**RAILROADS**—City served by 2 railroads, as follows: Atlantic Coast Line and Norfolk & Southern.

**HIGHWAYS**—The following highways run through, or to, the city: U. S. 64 and State 32 and 99.

**AIRPORTS**—2; Private owned.

**AMUSEMENTS**—Largest auditorium in city seats 2,000 persons. Number of moving picture theatres 1 with total seating capacity of 400 persons. Number of golf courses 1.

**HOSPITALS**—1, with total of 36 beds.

**EDUCATION**—Number of public schools 3; with 1 senior high school (grades 9-12). Number of pupils in public schools 2,164. Number of teachers in public schools 100. Value of school property, \$1,058,139.

**PUBLIC LIBRARIES**—1, with total of 12,000 volumes.

**CITY STATISTICS**—Total street mileage 18.64, with 12.54 miles paved and 2.80 miles under construction. Number of water meters 1,225; light meters 2,100. Capacity of water works (municipal or private) 310,000 gallons, with daily average pumpage of 225,000 gallons, 15.60 miles of mains, and plant valued at \$1,225,000. Fire department has 2 paid men, with 1 station and 4 pieces of motor equipment. Value of fire department real estate and equipment, \$85,000. Police department has 7 men, with 1 station and 2 pieces of motor equipment. Birth rate 348; death rate 134.

The town of Plymouth, situated on the southern bank of the Roanoke River eight miles west of Albemarle Sound, is the County seat of Washington County; in the Coastal Plain area of northeastern North Carolina. It is located approximately 130 miles east of Raleigh, 95 miles Southwest of Norfolk, Va. and 500 miles South of New York City. Primarily an agricultural area, there are no other communities as large as Plymouth in Washington County. The town was founded in 1780 with the gift of a site by a former resident of Plymouth, Massachusetts and soon became a thriving shipping point.

Today, this section is mostly concerned with developing its natural resources and utilizing the varied agricultural products of its rich farm lands. The industrial expansion has been encouraged and welcomed by the citizens of the area and the warm hospitality and neighborliness of the vicinity have made the newcomers feel at home.

Plymouth and the adjacent areas are within overnight reach of more than 30 million people, representing a market of well over 70 billion dollars a year.

### **Climate**

Plymouth's relatively mild climate gives the area an unusually long growing season and its average annual rainfall has been 51.15 inches. The coastal plains are affected somewhat by the modifying influence of the ocean and consequently reduces the variation in both seasonal and daily temperatures. Average for January is 43.7 degrees and for July, 77 degrees.

### **Population**

Since the founding of the town the growth of Plymouth has been moderate but steady. Statistics show a 29.5 per cent decrease in rural population. The population of Plymouth itself has increased 82.3 per cent from 1940 to 1950 the same 10 year period. Showing a definite trend toward urbanization. With a population of 4,666 in 1960 a conservative estimate of today's population would exceed 6,500 inhabitants.

### **Terrain and Natural Resources**

This region, generally flat, is characterized by sandy and sandy loam soil with some fertile, black land. It has been built up by unconsolidated and semi-consolidated sands gravels, loams, clays and marls of a relatively recent geologic age.

Industrialist have investigated possibilities of recovering ilomite from the black sands in Albemarle Sound for use in paints and pigments.

The total land area of Washington County is 215,040 acres (336 sq. mi.). Approximately 50 per cent of this area is wooded, which amounts to 152,500 acres of forest. Dominant species in this area are second-growth long leaf and loblolly pine. Commercially the chief tree is the loblolly pine. This species replaces the once magnificent forest of long leaf pine that formerly covered the sandy soil of this locality. Among the soft woods there is the Savanna or pocosin pine that is usually found in the swamps; hardwoods found in this area include the oak, hickory, ash, sweetgum and black gum. The deeper swamp lands yield such trees as the gum, cypress, and white cedar, the latter known locally as juniper. These forest resources play a tremendously important role in this county's economy.

### **Town Government**

The Town of Plymouth, incorporated in 1807, has a municipal form of government under the jurisdiction of a mayor and six councilmen, elected for two-year simultaneous terms. Both town and county have a planning commission. Any zoning problems in the town of Plymouth are brought before the town council. There is no zoning ordinance for the county. The tax rate for the town is \$1.80 per hundred, based on 40 per cent of real estate and 10 per cent for personal property. Plymouth has a bonded debt of \$168,000.

### **Municipal Services**

Operating from the municipal building in the business district the Plymouth Police Department has a regular staff of a chief, three night officers and two day officers. In addition, the county sheriff, his deputy and two state policemen are stationed here. Police equipment includes a two-way radio, radio equipped automobiles and network communication with state police facilities. Fire hydrants are located throughout the corporate limits of the town. Three fire trucks are centrally located in the Fire Station next to the municipal building. In addition the Fire Dept. has an ambulance to use in emergencies and in rescue operations. A 26 man volunteer fire department holds regularly scheduled drill meetings and municipal employees are available twenty-four hours a day for driving duties should the need arise.

The Street Department, Water and Sewer Departments, and the collection of garbage and refuse are very efficiently carried out under the direction of the city council with the help of selected crews.

Electricity is supplied in the area by the Virginia Electric and Power Co., which has district and division headquarters in Williamston, N. C. and general offices in Richmond, Va. The company has a capacity of over one and one-third million kilowatts. Electricity is available at 60 cycles alternating current, single and three phase service, and can be supplied at 120-208, 120-240, 480, 2300 volts, or at

higher voltages, depending on the customer's requirements and specific locations. Rates for service are comparable with rates in effect elsewhere and compete advantageously with other sources of power.

Modern telephone facilities are furnished the town of Plymouth by the Carolina Telephone and Telegraph Company. The system used is the dial system, and this company has seventy-two toll circuits which are maintained twenty-four hours daily and seven days a week.

Water and Sewage; Plymouth has a municipally-owned water system, supplied from two deep wells, with an average capacity of 310,000 gallons per minute. For storage, the town has a new upright tower and pump with daily average pumpage of 200,000 gallons. Other data desired can be furnished by the town upon request.

### **Community Facilities**

The modern schools which the children of Plymouth and Washington County attend are fully accredited and offer elementary and high school curricula. Special courses, such as music, home economics, vocational agriculture, and commercial subjects are available to both white and colored students. The new high school on Main Street in Plymouth also has several television classes and a gymnasium with a seating capacity of 1600 students.

The Washington County Public Library, located in Plymouth provides ample facilities and service for the surrounding area; providing a bookmobile with scheduled trips to cover the entire county. There is also a Negro Branch Library in town and a Creswell Branch in Creswell. The local library is open five and a half days a week, remaining open until 9 p.m. two nights each week.

Spiritual fellowship and guidance are found by the residents, locally in churches representing nearly all major denominations. Plymouth has fourteen white churches and six churches for non-whites, all of which have active, cooperative congregations.

### **Civic Organizations**

There are over 20 active clubs and organizations in Plymouth including the P.T.A., Rotary Club, Lions, Junior and Senior Chambers of Commerce, Masonic Lodge, Eastern Star and Veterans of Foreign Wars. The Plymouth County Club, one of the best in northeastern North Carolina has a nine-hole golf course, swimming pool, club house for members and guests and is the center of much social and recreational activity locally.

The Annual Water Festival is held on the Roanoke each year, usually in July. This event is sponsored by the Plymouth Junior Chamber of Commerce with the assistance of other civic groups. Among the features are stunt water skiing, floats and boat races. Another annual event in Plymouth is the completely religious Christmas Pageant held in early December. The pageant is held out doors and carries the theme of putting Christ Back Into Christmas.

### **Medical Facilities**

The new 34 room Washington County Hospital, plus a roomy bassinets ward, is located in the town of Plymouth. The white practitioners include six medical doctors, resident surgeon, two dentists, optician and chiropractor. Plymouth is fortunate to have a medical clinic in the heart of town which is very well and efficiently staffed with

resident physicians and nurses. The Clinic is equipped for major and minor surgery. Physicians are constantly in contact with the clinic through two way radio.

### Accommodations

Year around accommodations are furnished by the Plymouth County Club, the Plymouth Hotel, Horner's Motel, Roanoke Lodge, and Hardens Motel. Other rooms are available in private homes throughout the vicinity.

### Communications

The Roanoke Beacon, published weekly in Plymouth, carries local and world news and events. Out of town daily papers are also distributed county-wide. Including New York, Maryland, Pennsylvania and Eastern Virginia publications. Radio Station WPNC began operations in 1959 and serves northeastern North Carolina with high Fidelity AM Radio operating 1000 watts and 1470 kilocycles. It is very well and modernly equipped and operated by a most efficient and capable staff. It has already proved to be a tremendous asset not only to Plymouth but to the surrounding areas as well.

### Recreation and Sports

In and near Plymouth are enough forms of recreation to suit the desires of everyone. The many facilities of the beaches on the Albermarle Sound offer bathing, boating, water skiing, and fishing. There is a motion picture theatre and a lighted baseball park, home of our Little League and Babe Ruth League teams. Dancing and dinners are periodically sponsored by local civic groups.

Fishing and hunting are also very popular locally. Phelps Lake, stocked with bass, and Pettigrew State Park, are a short thirty minutes drive southeast of Plymouth. There are boats for rent at both Phelps and Pungo Lakes, and the bass fishing is unusually good. Quail, geese, ducks and small game, especially squirrels, are plentiful in this area. Bear and deer hunting is extremely good. The many famous Atlantic beaches on the Southeastern seaboard are also within short driving distance of this section.

### Industry

In recent years, industrial growth has increased to such an extent in and around Plymouth that manufacturing has surpassed even agriculture in employment. Lumber for wood pulp and other wood products is the predominate type of industry in the county, with the resulting largest employment in the huge Weyerhaeuser plant, which produces approximately 1400 tons of paperboard daily for corrugated shipping containers and milk containers. They also manufacture southern pine plywood and fine paper, which are the new expansions of Weyerhaeuser in Plymouth. The Georgia Pacific Company finds a ready market for its fine plywood in the ever-growing furniture industries of the Carolinas and Virginia. The True Temper Corp. utilizes the forestry products of the area in the manufacture of handles for tools and equipment; American Cyanamid's plant producing liquid alum markets its products locally. The D. J. Brinkley Lumber Co. and several smaller firms supply the lumber needs for construction throughout a wide area. The Smith Brothers Chemical Company manufacturers of cleaning fluids and allied chemical

products for the dry cleaning industry markets its products nationally. In addition, The East Carolina Supply Company (mill supplies and associated items) and the Seaboard Gas & Oxygen Service fulfill a definite need for this area.

The people of Plymouth are anxious to expand the county's industrial base and to diversify its economy. Existing industry would also welcome non-competitive industrial growth and the county can assure an adequate labor supply for additional industries. It is believed that the farmer group that has entered the labor market to supplement its present income, would be enlarged considerable if additional industrial opportunities should arise. Some of this areas chief assets are, with respect to industrial development (1) an abundance of available labor; (2) excellent transportation facilities; (3) relatively untapped water resources, both ground and surface; (4) a high level of recreational and educational facilities; (5) a year round outdoor climate that permits low-cost construction; (6) access to an abundance of raw materials; and (7) an atmosphere of hospitable congeniality. Furthermore, the county's makeup fits admirably to meet the recent trend toward decentralization of the nations defense and civilian industry—frequently termed “accessible isolation.” At present there are 17 industrial sites available comprising approximately 1,117 acres of land.

### **Agriculture**

Washington County possesses three main advantages agriculturally; climate, soil, and a proximity to national markets. The mild climate here adds to an unusually long growing season for crops such as peanuts, tobacco, soybeans, potatoes, cotton, corn, truck crops, grain crops and some commercial grape culture. Local drying and storage facilities are at the farmer's disposal. The farms found in this area are largely field crop farms and make up about 33.7 per cent of the total land area. Livestock is becoming an important factor in the area, and we also have important livestock and farming demonstrations and research that is conducted at the Federal State Tidewater Research station, five miles from Plymouth.

### **Transportation**

East and West traffic through Washington County is served by U. S. Highway 64. The movement of through traffic on this highway is facilitated by a new by-pass bisecting the southern perimeter of Plymouth and another by-pass at Roper. State Highways 32 and 99 serve north-south traffic. Highway 32 has junctions with U. S. Highway 17, some 30 miles to the north of Plymouth and with U. S. Highway No. 264, about the same distance to the south. This fine network of roads enables direct highway travel to the entire East Coast. By contacting the Plymouth Chamber of Commerce arrangements can be readily made for travel anywhere by car, bus, rail, plane, or boat.

The Roanoke running back of Plymouth's business district has available docking space and a channel averaging 30 feet in depth, providing the town with excellent possibilities for increased water borne traffic, and is within easy reach of the Intracoastal Waterway from Albemarle Sound. Local citizens and organizations are already attempting to further develop this part of town to the height of its potential.

### Commercial Establishments

Local retail establishments include 2 chain department stores, 2 major chain supermarkets, 2 major chain variety stores, 2 drug stores, a dairy bar, several locally owned ready-to-wear shops, farm supply and equipment agencies, service stations, grocery, hardware, appliance and jewelry stores, boats and sports equipment can be bought in two of the above. Included in the ready-to-wear are two high fashion ladies shops. Plymouth also has three new car dealers, garages and four furniture stores. Service trades include barber shops, beauty parlors, restaurants, florists, cleaning establishments and a soft drink bottling plant.

Six lawyers have offices here along with several insurance agencies and a CPA. Four real estate developers also have offices here.

Wholesale firms distribute hardware and associated items, building supplies, and petroleum products.

Among the financial institutions are the Branch Banking and Trust Company, The Planters National Bank and Trust Company, and the Plymouth Savings and Loan Association.

As local businesses remodel and expand, along with our new shopping center, Plymouth is rapidly becoming a most inviting shopping area.

### The Chamber of Commerce

The Plymouth Chamber of Commerce opened a full time office in 1959, its membership is made up of business, professional men and farmers in this section; it is set up to include the divisions for industrial, agricultural, civic, tourist and retail departments, which are headed by a committee of able men.

The influence of this organization as a leader in the area, will continue to be behind every progressive movement and to use its agencies for the best interests of the entire community. The management of the Chamber is in the hands of a Board of Directors and a full-time manager. Under the direction of the Chamber, Town Council and Mayor and with the support of every citizen of the community, all are making improvements to make Plymouth a better place for people to live, work and play.

# A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which can not be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*Advertising Federation of America.*

(Your Directory publishers fully subscribe to the principles set forth in this statement)

# **Your City Directory has HUNDREDS OF USES AND APPLICATIONS**

## **BUYING**

Learning new sources of supply.  
Keeping up with known sources of supply.  
Checking on the record of firms from which you buy as to dependability, stability, etc.

## **SELLING**

*(Including market analysis and sales promotion)*

Locating new markets.  
Maintaining up-to-date mailing lists.  
Analyzing the buying power of a community or street.  
Routing salesmen to avoid lost motion in reaching prospects.  
Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.  
Identifying names and titles of officials, for use of salesmen.

## **CREDIT REFERENCE**

*(and Collections)*

Running down delinquent debtors.  
Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.  
Identifying persons of same or similar names.  
Investigating cases in welfare, charitable, social service and legal work.

## **DELIVERY**

*Communications, Mailing, Etc.*

Routing deliveries.  
Reducing dead letters and insuring more complete delivery of mail.  
Effecting delivery of messages and parcels erroneously or defectively addressed.  
Correcting names and titles.

## **LAW ENFORCEMENT**

*Criminal Detection and Apprehension*

Tripping bad-check passers.  
Deciphering illegible signatures.  
Guarding against habitual bill dodgers.  
Tracing heirs and witnesses, selling estates, and establishing facts as of a certain date.

**CONSULT YOUR DIRECTORY FIRST**

**This publication  
is the product  
of a member of...**

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a

tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

---

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

## *Out of Sight • Out of Mind* ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.  
*Insist on being well represented in its pages.*

## MR. CITIZEN!

### CORRECT INFORMATION

### IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

**Do your employers furnish you with  
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

#### EXPLANATION

Wives names are listed with husband's, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

# **MR. CITIZEN!**

## **CORRECT INFORMATION IS VALUABLE TO YOU!**

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

## HILL'S PLYMOUTH

ZIP CODE 27962

Street and Avenue Guide Including Telephone  
Numbers and Home Owner Symbols

### 1966

Including Liverman Heights, Rolling Pines, Sunset Park  
and The Pines

Copyright, 1966, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance).

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible).

## **Out of Sight - Out of Mind**

### **★ Out of Business ★**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

# A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising**—aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which can not be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*Advertising Federation of America.*

(Your Directory publishers fully subscribe to the principles set forth in this statement)

# When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the **City Directory**.
